## Summary

Web App + Database

by Microsoft

## Details

|                                |                                      |
|--------------------------------|--------------------------------------|
| Subscription                   | 6fd27bfc-2ae3-4a91-b18b-a8afb17effe9 |
| Resource Group                 | creativityfreaks_group-aa80          |
| Name                           | creativityfreaks                     |
| Secure unique default hostname | Enabled                              |
| Publish                        | Code                                 |
| Runtime stack                  | PHP 8.4                              |

## App Service Plan (New)

|                  |                                    |
|------------------|------------------------------------|
| Name             | ASP-creativityfreaksgroupaa80-b4bc |
| Operating System | Linux                              |
| Region           | Southeast Asia                     |
| SKU              | Basic                              |
| Size             | Small                              |
| ACU              | 100 total ACU                      |
| Memory           | 1.75 GB memory                     |

## Database (New)

 Username and password of the new database are generated automatically. To retrieve these values after the deployment, go to the App Settings of your app.

|                       |                         |
|-----------------------|-------------------------|
| Server name           | creativityfreaks-server |
| Engine                | MySQL - Flexible Server |
| Compute tier and size | Burstable Standard_B1ms |
| Database name         | creativityfreaks        |
| Region                | Southeast Asia          |
